## Call for FULL PROPOSALS for RED MEAT RESEARCH

### Deadline: 29 January 2019

**Red Meat Research and Development Sout African (RMRD SA)** has a mission to enable and fund world-class research and to develop technology transfer programs to ensure that the South African Red Meat Industry have the technology and know-how to deliver, in a profitable and sustainable manner, the products which are most desired by consumers.

Within this framework, the **RMRD SA** invites **FULL PROJECT PROPOSALS** from researchers based at South African universities and centres of research, to undertake studies in accordance with the RMRD SA Research & Development plan for Cattle and Small Stock. The latest plan is available on our website.

Interested researchers are requested to register online at [www.rmrdonline.co.za](http://www.rmrdonline.co.za). Once you are registered, complete the full proposal form. Your application can be composed over several sessions, merely use the 'Save and Return' function to continue at a follow-up session. Upon final submission the principle and secondary researcher will each receive a copy of the proposal.

Visit [www.rmrdsa.co.za](http://www.rmrdsa.co.za) for more information on the Focus areas and Priority areas for research. Submit completed applications by **29 January 2019**, for consideration at the February 2019 meeting.

Please note that our current researchers with Active projects have to submit their Progress or Final Reports if due via the ONLINE system on:

**30 January 2019** | Progress Reports

**31 January 2019** | Final & Comprehensive Reports and Popular Articles

Should you experience any difficulties with our new online system, please send an email to [web@rmrdsa.co.za](mailto:web@rmrdsa.co.za). The matter will be attended to as soon as possible.

Yours sincerely,

**Prof Hettie Schönfeldt**
