

CAVALIER GROUP

*Relevance of the
Meat Classification System
from a
Meat Traders Perspective*

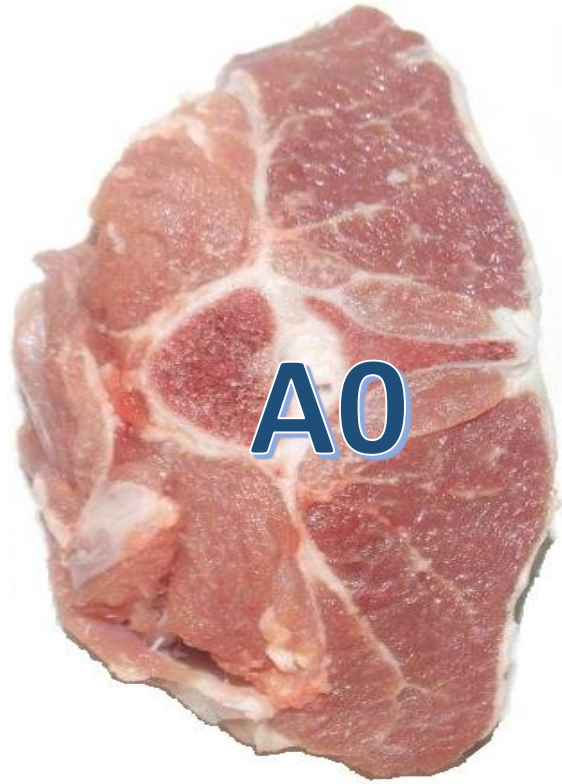

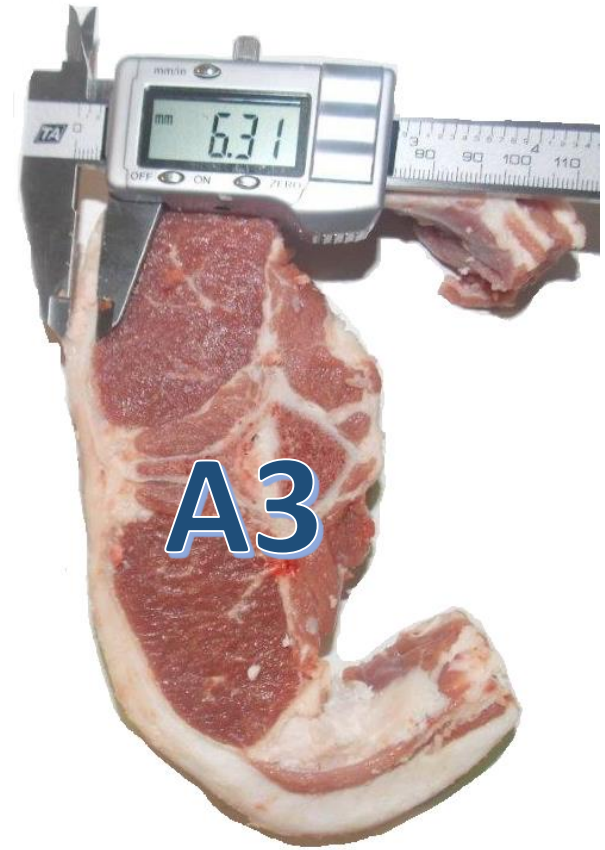

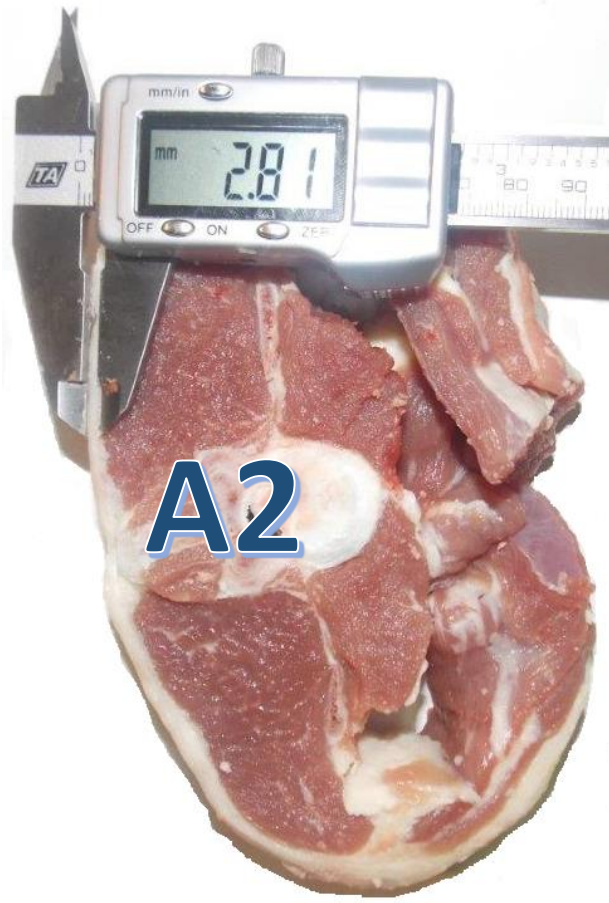

RELEVANCE OF THE SYSTEM

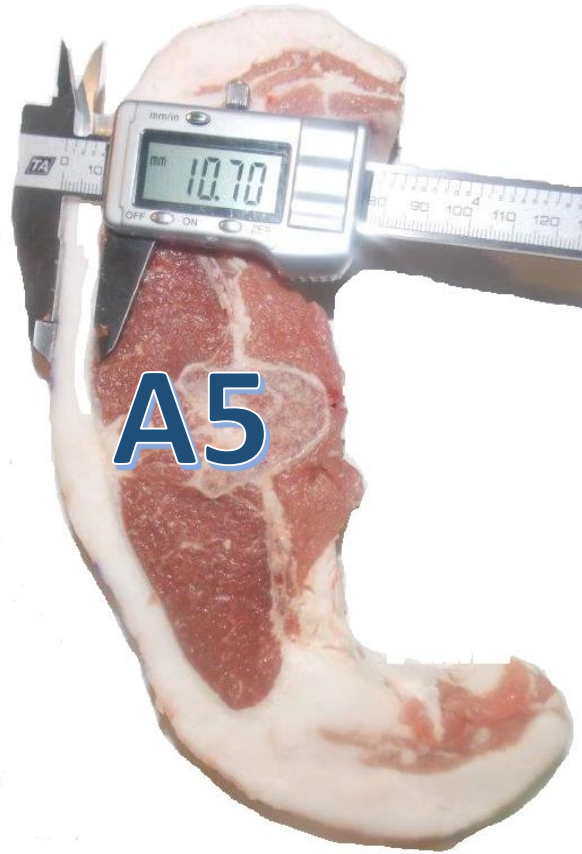

- 1) System must indicate to the buyer exactly what is being purchased.
- 2) System must relay to the producer (the farmer) what the market trends are.

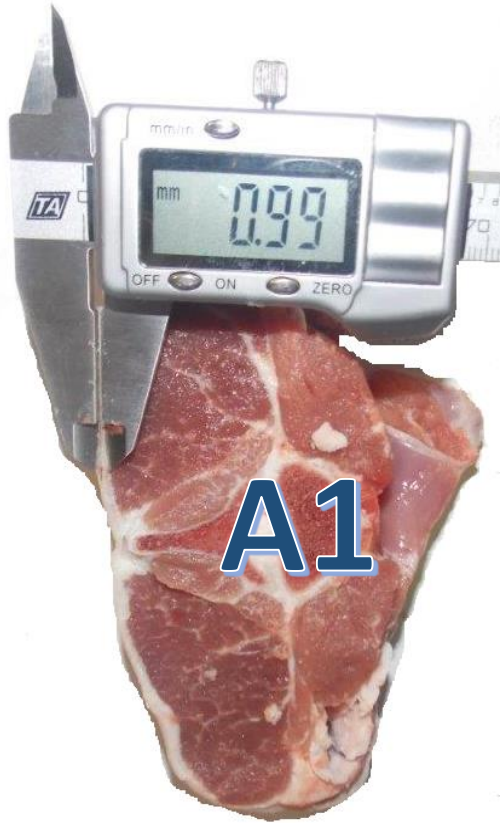

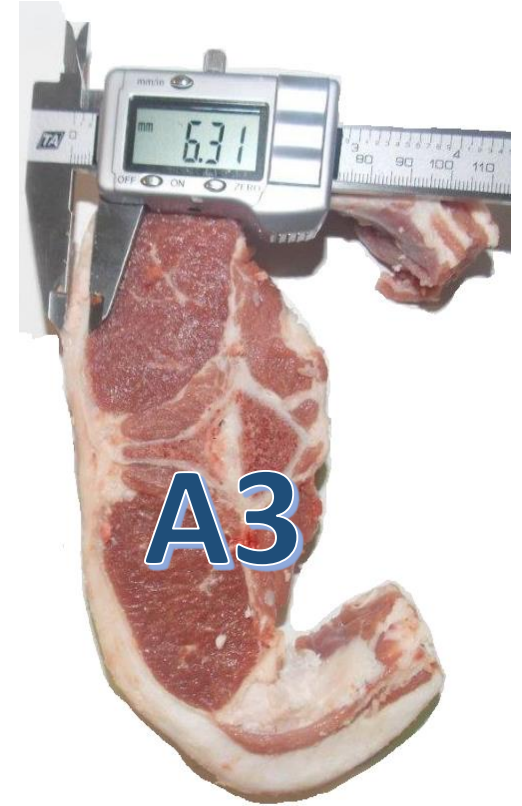

A1

A2

A3

SUMMARY

- 1) **Separate classification systems for beef and sheep**
- 2) **Implement a 2 dimensional system**
- 3) **Simplified fat codes**
