Call for FULL PROPOSALS for RED MEAT RESEARCH

Deadline: 31 January 2018

Red Meat Research and Development Sout African (RMRD SA) has a mission to enable and fund world-class research and to develop technology transfer programs to ensure that the South African Red Meat Industry have the technology and know-how to deliver, in a profitable and sustainable manner, the products which are most desired by consumers.

Within this framework, the **RMRD SA** invites **FULL PROJECT PROPOSALS** from researchers based at South African universities and recognized centres of research, to undertake studies in accordance with the RMRD SA Research & Development plan for Cattle and Small Stock. The latest plan is available on our website, www.rmrdsa.co.za.

Interested researchers are requested to REGISTER on the ONLINE system, www.rmrdonline.co.za first. To apply for funding, you are able to download a pro-forma Proposal form along with instructions, to understand what will be required in your application. Once you are ready fill in your online application. A form can be filled in over several sessions, merely use the 'Save and Return' function to continue at a follow-up session. Once completed, SUBMIT the Full Project Proposal. Both the principle and secondary researcher will each receive a copy of the proposal, as well as the RMRDSA.

Visit www.rmrdsa.co.za for more information, the Focus areas and Priority areas for research. Submit completed applications before or by **31 January 2018**, for it to be considered by the Cattle and Small Stock Planning Committee meeting in February.

Please note that our current researchers with Active / Live projects are required to submit their Progress or Final Reports via the ONLINE system henceforth. Should you experience any difficulties with our new online system, please send an email to web@rmrdsa.co.za. The matter will be attended to soonest.

Please send an email to info@rmrdsa.co.za if you have any enquiries. Please note our offices will be closed from 15 December for the Christmas period.

Yours sincerely,

Prof Hettie Schönfeldt
